

Raising Happy and Moral Children

The Women's Forum of Litchfield is pleased to present

Psychologist and Author

Richard Weissbourd

Richard Weissbourd PhD is a Senior Lecturer at the Harvard Graduate School of Education, where he directs the Human Development and Psychology Program, and a Lecturer at Harvard's Kennedy School of Government. His work focuses on moral development, vulnerability and resilience in childhood.

Dr. Weissbourd's talk will outline how children's moral growth is tied to our moral growth as parents and teachers and why the intense focus on children's' happiness and achievement and the constant praising that goes with it, can imperil the development of a child's moral qualities.

Date: April 2, 2015
