Educational Therapist Associate

Compensation: **Based upon experience**
Employment type: **part-time**

Looking for an opportunity to make a real difference in the lives of children with learning differences? Sports Academy is a comprehensive performance training and development campus for students and athletes. We offer educational support for all levels of students. The Sports Academy approach combines the best of research-based methods, the latest technological advances and a team of highly trained and experienced educators to meet the individual needs of children with learning disabilities. Our goal is to help all children reach their full potential. The Learning Center at Sports Academy is located in our ninety-six thousand square foot campus in Thousand Oaks, CA.

To be considered for an interview with the Learning Center, at Sports Academy, applicants must be working toward, or have, a graduate degree in education or a field relating to education, such as: special education, school counseling, school psychology, educational psychology, sociology or human development; or an Educational Therapy Certificate. Preference is given to those with an Educational Therapy certificate or a MA in special education. Teaching experience is required, and experience working with children with learning differences is a plus. Passion and joy in teaching and helping children reach their full potential is a must.

As an Educational Therapy Associate you will be offering children with learning disabilities a wide range of intensive, individualized interventions designed to remediate learning problems. With training and support, the Educational Therapist Associate implements a treatment plan that utilizes information from a variety of sources including the client's social, emotional, psycho-educational, and neuropsychological context.

This position is located in Conejo Valley. Sessions with students are typically held in the afternoon after school hours and/or weekends. Training and supervision is on a weekly basis. Typical client load is 6 to 20 hours per week, negotiable.

To apply, please submit cover letter and resume to Kellye@sportsacademy.us.

Tutor

Employment type: **Part Time**

Sports Academy is an all-inclusive training environment focusing on the development of student athletes from all sports. We offer training programs, sports medicine services for prevention and recovery, educational support for all levels of students, sports psychology, character development and self-defense training, college counseling and recruiting. We also offer training programs for the parents of these athletes.

We at Sports Academy understand the rigorous demands placed on our student athletes. For that reason, we have created the Learning Center at Sports Academy, a full circle educational resource for students of all ages and grades. Our mission is to provide the academic support our athletes need to succeed. Our team of professional educators is always available to work with students, whether they are looking for direct one-to-one instruction or simply a quiet place to complete homework. Additionally, the Learning Center offers specialist services including Educational Therapy, and reading acquisition, as well as comprehensive academic assessments and test preparation including SAT, ACT and ISEE. Furthermore, as most of our students plan to attend college, the Learning Center at Sports Academy offers college counseling and college application assistance, as well as recruiting support, should a student athlete want to continue their athletic pursuits in college.

Homework Club

Homework Club provides a quiet place for students to complete their homework. With an 8-1 student teacher ratio, there is always a professional educator on hand to help organize homework, explain concepts, help students prepare for tests and edit essays. This service operates Monday-Thursday, 2:30-8:30, and is available in one or two hour blocks.

Individual Tutoring

Students can schedule individual one-to-one meetings with generalists or with specific subject tutors in a variety of areas, including writing, mathematics and Advanced Placement (AP) classes. Our professional tutors are experts in their specialties and can work with you child to master content material and concepts.
