

MISSIONS TRIPS

- Short, mid or long term –
Internships available

The orphanage facilities have rooms and suites for singles, couples or families to come and serve.

No matter what your skill is, there is a place for you. At full capacity with 100 plus children there are a lot of needs. Such as: cooking, teaching of English, physical education, art, music, gardening, horse therapy, handyman work and of course, lots of hugs.

We will also take you to the streets of São Paulo, which might include a trip to a favela (shanty town) to see first-hand the environment and circumstances many of the children have been rescued from.

As well, you will have moments to enjoy the local culture, people and take in the beautiful sites of the mountains of Campos Do Jordão.

*"I will not leave you as orphans; I will come to you."
--John 14:8*

Campos Do Jordão is located in the state of São Paulo, Brazil and is a short 2-hour drive from the big city of São Paulo. Nestled in the Mantiqueira Mountains, it is the highest elevated city in Brazil. This city is famous for its traditional European-style architecture inspired from Germany and Switzerland, its healing spring water and cool climate. Visitors come from all over Brazil to find rest, peace and quiet from the hectic pace of life and stress in the city. One of the main culinary favorites in this town is fondue; hot chocolate is definitely a local tradition in the colder months.
