

# 2016 Ag Breakfast

7AM | Wednesday, March 16

North Iowa Events Center - All Seasons Building

Presented by the Mason City Chamber of Commerce Agribusiness Committee

## Keynote Speaker: Ty Higgins

As the host of *Farm and Country*, a popular nationally-syndicated radio program, Ty's career is fueled by his passion for agriculture and his love of country music. He has spent almost 20 years in the broadcasting industry, and brings together country music and farm knowledge in a way no one else can.

"Generation after generation, more and more Americans are learning less and less about farming and food production. I can't think of a better way to get them reacquainted through country music." -Ty Higgins
