

2016 Rochester Regional Health Flower City Half Marathon Detour

Due to the construction that is currently going on at the East Avenue Bridge, there will be two small deviations to the regular half marathon course:

- Before you reach the bridge, you will turn right on Pitkin, left on Broad, left on Union, and then right back on to East Avenue.
- Continuing down East Avenue, you will take a right on Argyle Street to reach Park Avenue (Argyle is the street before Brunswick. Brunswick is the street you usually turn on to reach Park Avenue).

The revised course has been certified and we are just awaiting our new certified map, which will be posted as soon as we receive it.

If you have any questions on the course changes, please contact nicole@yellowjacketracing.com. Thank you!!
