

FOUR WAYS to SIGN-IN

paperless!

1. iPhone or ITouch App

3. Droid Phones App

The screenshot shows the 'Event Callin' app interface. At the top, it says 'Event Callin Automated Event Attendance'. Below this are three input fields: 'Callin Number:' with the value '8014785852', 'My Number:' with the value '8015551212', and 'Event ID:' which is empty. A 'Register' button is positioned below the input fields. At the bottom of the screen is a numeric keypad with buttons for digits 1-9, 0, a decimal point, and a backspace key.

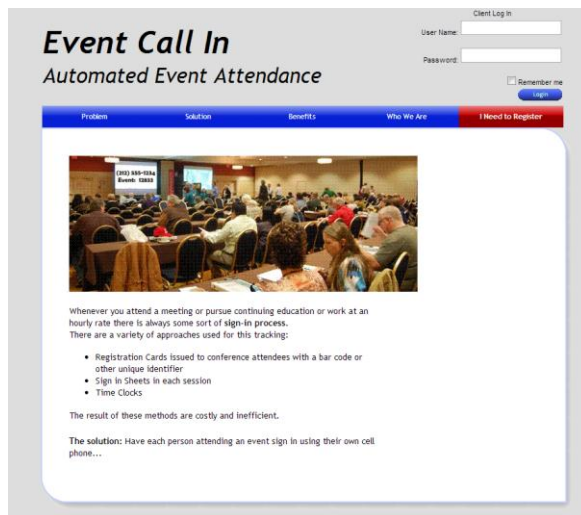

2. Cell Phone Call-In (501) 553-9108

4. Mobile Internet

<http://m.checkinhelp.com>

The screenshot shows the mobile internet sign-in page for 'Event Call In Automated Event Attendance'. At the top right, there is a 'Client Log In' section with fields for 'User Name' and 'Password', and a 'Remember me' checkbox. Below this is a navigation bar with links for 'Problem', 'Solution', 'Benefits', 'Who We Are', and 'Need to Register'. The main content area features a photograph of a large conference room with many people seated at tables. Below the photo, there is text explaining the sign-in process and a list of methods used for tracking: 'Registration Cards issued to conference attendees with a bar code or other unique Identifier', 'Sign In Sheets in each session', and 'Time Clocks'. The text concludes that these methods are costly and inefficient and offers a solution: 'Have each person attending an event sign in using their own cell phone...'
