Children who attend Catholic schools have a high school graduation rate of 98% ... and a 98% rate of continuing their post-secondary education in a college or university.

Loyola Marymount University

Latino children who attend a Catholic school are 42% more likely to graduate from high school and 2.5 times more likely to graduate from a 4-year university.

University of Notre Dame Study

MORE HELP IS NEEDED

Our schools are among the very best in the nation and keeping them ahead of the curve is expensive. We know that for many families, Catholic education is a dream...just out of reach. A primary goal of the Orange Catholic Foundation is to make Catholic education available, accessible and affordable to all Catholic parents and their children. We are creating a system that provides support for the children of all Catholic families who are willing to pay according to their means.

More than 70% of the students attending our Santa Ana and Anaheim schools require some form of tuition assistance. We have many desks available for families wanting a Catholic education but not enough funding to enable this dream.

If you would like to invest in the future of our children, our schools, and our community, please consider making a tax deductible gift by calling The Orange Catholic Foundation or by visiting OrangeCatholicFoundation.org.
