

THE NEW FACES OF INSURANCE

The University of St. Thomas chapter of the Gamma Iota Sigma, a fraternity for risk management, insurance and actuarial science majors, held a fun night of bowling and bocce ball at Pinstripes in Edina. The chapter, which started in 2011, has grown to 60 as it has recruited students from other disciplines who are attracted by the networking provided.

The fraternity, 2115 Summit Ave. in St. Paul, meets regularly, mainly to hear from guest speakers. Charitable activities are also frequent chapter pursuits. A number of the members are participating in internships: Paige and Sydney Lorentzon at Allianz in St. Louis Park; Sarah Rumon at the Travelers.

The fraternity's insurance sponsors include the Insurance Federation of Minnesota, SFM, The Minnesota Big I, PIA of Minnesota, Travelers, Western National, MWCIA and OneBeacon. ■

Chapter president Paige Lorentzon and her identical twin, Sydney.

Frannie Marshall and Cassandra Carter.

Brannon Inamura and Austin Swenson.

Al Danforth, Big I advisor, Paige Lorentzon.

Adam Brown and Jared Sachs.

Wes Griffiths, Travelers' advisor; Sarah Rumon.
