WWW.MADSCIENCE.ORG

Atmosphere & Beyond— Discover how stars would look in space and see what makes stars twinkle using your very own shimmering stars!

Space Travel— Race balloon rockets and design your own car engine as you learn the parts of flight! Learn what it takes to be a true globetrotter!

Sun & Stars— Journey through a soapy galaxy as you investigate the life cycle of stars! Create a 3-dimensional glow in the dark constellation!

Rocket Science— Investigate the four forces of flight and explore the science involved in rocket construction as you build your own rocket!

Planet & Moons— Explore the furthest reaches of our solar system and create a lunar eclipse in this "mad" planetary tour!

Space Phenomena— Probe the mysteries of meteors and bounce around satellite light in this phenomenal program on space events! See comets up close as one is formed before your eyes!

Living in Space— Experience the life of an astronaut as you suit up for space travel!

Space Technology— Discover technology designed for outer space! Steer laser beams, make discoveries with radar technology

Register Online for Mad Science at St. Theresa School!

Mondays 2:20-3:30pm 1/4/16 - 3/14/16 NO CLASS 1/18/16, 2/15/16

Visit madscience.org/northillinois and follow these simple steps:

1. Click the box titled 'After School Programs' on the upper left corner and follow the path by clicking 'Register Now', 'After School Programs', and finally the green 'Register Now' box.
2. On the next screen select St. Theresa School from the drop down menu and follow the continued prompts to set up a profile and register for the class!
