Happy Anniversary
To These Carr Lane Employees

For their years of service to Carr Lane, the Courier recognizes the following employees, who are celebrating company anniversaries.

MARCH

Tony Christopher
Regional Sales Manager 17 Years

Steven Davis
Assembly 13 Years

Craig Henseler
Shipping 10 Years

Nicomedes Perez
Machine Operator-CL Drill Bushing 10 Years

Celino Cardenas
Machine Operator-CL Drill Bushing 9 Years

Dario Mondragon
Machine Operator-CL Drill Bushing 9 Years

John Gage
Regional Sales Manager 8 Years

Douangphane Vorachack
Ball Locks 8 Years

Mercedes Alejo
Machine Operator-CL Drill Bushing 5 Years

Jacqueline Moore
Accounting 5 Years

Frank Hummert
Ball Locks 2 Years

Esther Rangel
Machine Operator-CL Drill Bushing 2 Years

Maria Rangel
Machine Operator-CL Drill Bushing 2 Years

Marla Rangel
Machine Operator-CL Drill Bushing 2 Years

Taida Santamaria
Machine Operator-CL Drill Bushing 2 Years

Anthony Ford
CNC 1 Year

Tom James
Director of IT 1 Year

Bradley Matthews
QC 1 Year

Bradley Seay
CNC 1 Year

Jim Toller
CNC 1 Year

APRIL

Janie Hummert
Shipping - Team Lead 34 Years

Mark Badgley
Plant Manager-CL Drill Bushing 32 Years

Gregorio Perez
Machine Operator-CL Drill Bushing 21 Years

Mithakone (Carl) Banthrongsack
CNC 19 Years

Sergio Jaimes
Machine Operator-CL Drill Bushing 19 Years

Silvia Vasquez
Shipping Clerk-CL Drill Bushing 19 Years

Michael Sewell
Machine Operator-CL Drill Bushing 14 Years

Francisco Avila St.
Supervisor-CL Drill Bushing 10 Years

Saul Mendola
Machine Operator-CL Drill Bushing 9 Years

Elvira Yescas
Machine Operator-CL Drill Bushing 9 Years

Bob Pelot
Maintenance Manager 7 Years

Joy Singhmarath
Estimator 2 Years

Osvella Benitez
Machine Operator-CL Drill Bushing 1 Year

Adan Salgado
Machine Operator-CL Drill Bushing 1 Year

Customer Service and Purchasing Departments Move To Renovated Offices

Renovations at Carr Lane’s St. Louis headquarters continue, with the latest improvements in Customer Service and Purchasing. Shown at left, the new offices include upgraded work stations and high speed cabling, which were put in place to continue Carr Lane’s efforts toward an improved customer experience.

New Web Section Highlights Carr Lane Featured Products

Carr Lane’s home page has a new look. The ad at left enables a click through to a new Featured Product section. The new web pages will act as a gateway to a variety of information about each product, including a press release, photographs, and links to videos, catalog pages, and downloadable flyers.

Our first collection of featured products includes the following—
- Carr Lock™ System
- TINY VISE™ Edge Clamps
- One-Touch Quick-Acting Swing Clamps
- Hook Clamps
- Modular Fixturing
- Gooseneck Clamp Straps

Look for Updated Catalog In Late March

Carr Lane’s newly updated, illustrated catalog will be available in late March, and will contain all of the featured products listed above. The printed catalog is still requested by many companies, though the online catalog continues to grow in popularity.

For information on new products, check the section at the very front of the print catalog. You can also click the “New Items” link in the left navigation bar of the online catalog at CarrLane.com.

See Us At These Upcoming Trade Shows!

Eastec® 2013
May 14-16
Booth 5133

ISA Product Show
June 1-4
San Diego, CA
Booth 443

WMTS
June 4-6
Edmonton, Alberta
Booth 1751

Carr Lane’s home page now contains the above ad, which links to a new Featured Product section, with links to product pages providing press releases, photographs, videos, catalog pages, and flyers.
Earlier this year, Carr Lane’s Regional Sales Managers were called to St. Louis for an annual sales meeting at which time each received a new iPad device as part of the company’s continuing efforts to expand communication efforts with customers. Special training was provided all week on the new device, and culminated in a creative scavenger hunt around the Greater St. Louis Area.

Working in teams, sales managers had to use their iPad devices to search for some well-known and not-so-well-known St. Louis landmarks using various clues such as “find the building with a school bus dangling from its roof.” Once the landmark location was found, the teams had to travel to the location and use their iPad to photograph the landmark. They then had to email the photograph back to Carr Lane staff. Points were awarded for the complexity of finding the landmark as well as arriving back at Carr Lane headquarters in time.

In the end, everyone had a great time with the training exercise. Congratulations to Jim Miller and Mike Madden, the winning team! As an incentive, Jim and Mike each received a beautiful Carr Lane Lands’ End fleece jacket.

The new Hardinge Super Precision Quest GT27 turning center was added to Carr Lane’s fleet of machining centers. The aerospace industry is an important niche market for Carr Lane, and Lockheed Martin is one of the world’s top aerospace companies. We are honored by the award shown at right, and proud of it.

Lockheed Martin Recognizes Two Years of Great Service

Congratulations to Carr Lane employees, whose efforts helped us win the following award for the second year in a row. Lockheed Martin has recognized Carr Lane for having 100% On Time Delivery and Zero Quality Defects in 2012.

Carr Lane added a new piece of equipment earlier this month. The new Hardinge Super Precision Quest GT27 turning center will allow for faster hard turning production of several of Carr Lane’s most popular items including round pins, diamond pins, Carr Lock™ clamps, rest buttons, and screw rest pads. The new GT27 joins two other Hardinge machines already in use for hard turning.

Jib Crane Makes Loading of Tooling Plates An Easy Task

Carr Lane’s new jib crane was mentioned in the last issue, after the concrete base was poured, and the February installation went well. At left, Manufacturing Engineer Aaron Hull uses the crane’s system of chains to lift a tooling plate weighing 300 lbs. The crane has a maximum weight capacity of 1000 lbs., a 16’ span, and a 360° rotation.
