

THE SEACOAST SCHOOL OF TECHNOLOGY
PRESENTS THE 8th ANNUAL
SUMMER CAMPS FOR MIDDLE SCHOOL STUDENTS

Exciting summer camps will be offered once again to students who are **currently** in the 5th, 6th, 7th or 8th grade. One-week camp sessions will take place during the week of June 27, 2016. Each day's session will run from 8:00 a.m.-12:00 noon. Students are responsible for their own transportation. No food will be served. Each camp will run contingent upon enrollment. A student will be considered enrolled once the enrollment and medical forms are complete and a check made payable to the Seacoast School of Technology has been received and cleared. **Camp sign-ups will begin on March 21, 2016. Registration forms must be postmarked no earlier than Friday, March 18, 2016.** The following camps will be offered on a first-come, first-served basis:

Introduction to Culinary Arts
Week of June 27

Come join us this summer for an exciting experience in our amazing kitchen. Each day we'll make different menu items so that by the end of the week we will have made appetizers, soups, salads, dressings, rolls, main courses with sides and desserts. Students will get to use the same equipment that is used in commercial kitchens and will learn culinary/baking basics in a fun and safe environment. Campers are required to wear pants and no open-toed shoes. Limit 15 students. Total cost \$135.

Pet Detectives Wanted!
Week of June 27

Come do some investigative work on what it is like to care for both large and small animals. Students will spend their time learning about poultry, livestock and companion animals. Care and handling, as well as important background knowledge will be covered as detectives discover the amazing world of animals. Limit 12 students. Total cost \$135.

Engine Overhaulin'
Week of June 27

If you enjoy cars, engines, and you are interested in horsepower, this is the camp for you! You will learn about engine basics and performance and get your hands dirty dismantling and rebuilding automobile engines. In this camp, you will use Snap-On tools to perform these tasks and will get a good understanding of what skills are needed to become a successful automotive technician. Campers are required to wear pants and boots. One pair of safety glasses will be provided. Limit 12 students. Total cost \$135.

Become a Builder
Week of June 27

Want to learn basic knowledge of hand tools and power tools? Want to learn proper safety techniques to use in a workshop or on a construction site? Sign up for this camp and each day you will build an exciting new project with the tool of the day. Campers are required to wear pants and no open-toed shoes. Limit 12 students. Total cost \$135.

For the required application and health form, go to **SeacoastTech.com**. As a program fills, it will be listed on the website.

The **non-refundable fee** (unless program is cancelled) of \$135 per week is valid for completed applications and health forms received through Friday, April 8, 2016.

After April 8, 2016 the **non-refundable fee** (unless program is cancelled) will be \$145.

No refunds for natural disasters, local emergencies, loss of power or water, etc.

A letter confirming your child's placement will be mailed to you after **May 2, 2016**.
