Become a Wake Tech Student!

☐ Apply to be a Wake Tech Student
   Apply online at admissions.waketech.edu. Need assistance? Come to the Admissions Office.

☐ Research Your College Career Options
   If you’re new to college and not sure about your major or intended career, visit careers.waketech.edu for self-assessment resources and information on job outlook, salary ranges and education requirements.

☐ Activate Your Wake Tech Account
   Go to my.waketech.edu, click the RED ACTIVATE ACCOUNT button. Activate your Wake Tech email.

☐ Apply for Financial Aid (Apply Early)
   For information about financial aid options and to apply, visit financialaid.waketech.edu.

☐ Request Official Transcripts (High School and/or College)
   If you received an associates degree or higher, you do not need to submit your official high school transcripts. For Health Sciences programs, official high school or GED and college transcripts must be submitted.

☐ Take Placement Test
   Complete the NC DAP test. Visit testingcenter.waketech.edu for information about exemptions to testing and to reserve your seat. PREPARE and STUDY before taking your test!

☐ Meet with Your Advisor
   Advisors are available on all campuses. Health Science students must go to the Health Sciences Campus for advising.

☐ Attend New Student Orientation
   All first time college students must attend New Student Orientation. Sign up at orientation.waketech.edu.

☐ Planning to take online classes?
   Students are required to complete the eLearning Intro Online Learning Readiness Assessment before registering for an online course. eli.waketech.edu

☐ Register for Classes
   Register for classes online at webadvisor.waketech.edu.
   Login using your Key Account Login and password.

☐ Pay Tuition
   You may pay online through WebAdvisor or in person at the Cashier’s Office.
   (Check,Credit/Debit Card or Cash)

☐ ID Card & Parking Decals
   Once registration is complete, pick up your ID & parking decal. For the Health Sciences Campus, pick up a gate card for the parking deck on that campus. Students are required to carry their ID card while on campus.

☐ Purchase Textbooks
   You may purchase your books at the bookstore (bring your schedule) or online at waketech.bncollege.com.

Open Computer Labs
Computer labs are available to students who need to complete course-related work. Open computer labs are available at the Main, Northern Wake, Western Wake, and Health Sciences Campuses during scheduled hours. Be sure to check the website for lab locations and hours of operations, as they vary by location. careers.waketech.edu

Library Services
Wake Tech operates five libraries and provides student resources through the library website. In addition to being a great place to study, each library location has print and audiovisual materials, electronic databases, and research guides. library.waketech.edu

Disability Support Services
Disability Support Services (DSS) supports students with documented disabilities. DSS can assist you in fitting together the pieces that can help you achieve your maximum potential at Wake Tech! waketech.edu/student-services/disability-support-services

Individualized Learning Center (ILC)
The ILC is a free tutorial support service offered by Wake Tech to assist all registered students in their courses of study. Assistance is offered in Writing and Study Skills, Math and Computers, Biology, and Foreign Languages. You can find an ILC at all 5 campuses! ilc.waketech.edu

Financial Aid
The Wake Tech Financial Aid program exists to ensure that no qualified student will be denied the opportunity to continue his or her education because of economic disadvantages. Through a program of scholarships, grants, work-study and loans, students enrolled at the College are able to supplement their own resources and the resources of their families to complete a course of study. financialaid.waketech.edu

Veteran’s Services
Wake Tech welcomes veterans and their eligible dependents. All associate degree, diploma, and most certificate programs are approved for funding. Students must establish eligibility for education benefits from the Veterans Administration (VA). Thank you for your service to our country! veterans.waketech.edu

Career & Employment
Resources are for curriculum education students seeking part-time, temporary employment while enrolled at the college. You may also receive assistance with the development of important job search skills and access to information on employment opportunities. We help Wake Tech students develop job search skills for today’s competitive employment market. Services are also available to graduates of curriculum education programs for five years. careers.waketech.edu

Online Learning
Need help to determine if you’re prepared for an online course? Need to schedule your tests and quizzes for your online course? There are many online learning resources and supports available to students. online.waketech.edu
