2016 STUDENT ENERGY SUMMIT

WEDNESDAY, MARCH 9TH

5:00 – 7:30PM EVENT | 4:30PM REGISTRATION & PIZZA
THE UNITED WAY | 50 WAUGH DR. – HOUSTON, TX 77007

The Student Energy Summit is a three hour after-school event that challenges students to think about the energy industry in real-world simulations played out through assigned roles. It is fun, interactive, and allows students to prepare as little or as much as possible.

Students learn from expert speakers, engage with local energy professionals and build leadership skills. This year, the event will have a sustainable energy focus and will encourage students to think about the many options available for our future energy needs.

TEAMS

- Open and free for all area high schools & students
- Eight students per team
- Must have a teacher sponsor as key contact
- Will receive role assignment and prereadings prior to the event for preparation

PRIZES

1st Place: Two-day, overnight Texas Energy Tour
2nd Place: Full day local energy tour
3rd Place: Visit to an energy company facility

DISCLAIMER: The teacher sponsor must be able to join the team for any prize trip, or make arrangements for another adult to participate. WAC staff is not guaranteed on the overnight Texas Energy Tour, however all arrangements will be made in advance.
