

## Blackbeard District Holds Boy Scout Pre-Camporee, Cub Scout Spring Cub-O-Ree

During the weekend of March 27-29th Blackbeard District held their annual Boy Scout Pre-Camporee and Cub Scout Spring Cub-O-Ree led by Wes Ball and Pack 218 respectively.

First, Blackbeard District would like to thank Wes Ball, Andy Holliday, and Patrick Sutton for planning and implementing these two District events.

The Pre-Camporee for the District gave us the opportunity to work together to both learn and teach the skills needed to be successful at the Council Camporee. To help promote Unit attendance at District Camping Events, Blackbeard District started assigning stations to Troops. What we have noticed is that the Troops bond more easily because they are

working together and all have a stake in making the event a success.

Huge kudos to Patrick Sutton for stepping up to the plate and leading the Cub-O-Ree for all of Saturday and Sunday morning, after Andy Holliday fell ill. Patrick Sutton (the new Cubmaster for Pack 218) valiantly ran the rest of the event, pushing through the wet weather, and leading the attending youth to fun and educational adventures!
