

## 2015 Tar River Day Camp Has a Blast!

Thanks to all of the Scouts and leaders who joined us for the 2015 Tar River Day Camp held at North Carolina Wesleyan College. I know looking back that I had a blast and I hope you did too! Special Thanks to Mindy Proctor for serving as Camp Director again this year, and to all of our Den Leaders and event leaders that helped out including Tina Parker, Nicole Wainwright, Matt Connors, Maria Votava, Linda Etheridge, Charles Etheridge, Stephanie Kleimann, Jim Martin, Angie Davis and Kim Bailey.

Scouts participated in numerous arts and crafts; BBs, archery and slingshots, football, soccer, Scout skills games, and loads of fun presentations. Special thanks go to the Children's Museum in Rocky Mount, a part of the Imperial Center, for bringing out their solar telescope. It not often a boy can go tell his mom he was told to stare at the sun and not get in trouble for it, but our scouts got to learn some pretty cool things about the sun, and saw a large number of sun spots too.

We also went CRAZY one day when a resident Mad Scientist joined us to talk all about the planets and moons in our solar system. Space Scientist, Dr. Sparkles, helped the Scouts to comprehend just how massive the universe is.
