

The Region's Arrow Tour has come and gone, and Croatan made quite the showing. With national bringing in their branding, screen printing, gaga pit, patches, reflection tent, history tent, and Arrow Tour Staff.

Croatan Lodge brought a Teepee, Indian Artifact Exhibit,

Drummers and songs, and a blow gun booth those in attendance had plenty to keep busy. Fellowship and fun were had by all and when the camp opened their night's camp festivities on the field many joined in on the water sports, carnival games, and camp competitions. Sea Scouts, Venture Crews, Boy Scouts and even Cub scouts were seen having fun with all the OA had to offer. The night ended with a lot of singing and reflection over the last 100 years and the many changes OA has gone through. The closing speech was by our 2015 OA president who challenged us all to live true lives of servant leadership and sent each in attendance home with an ArrowTour Challenge Coin. You will have to find one of the few there to see it, I could put my photo of mine here, but why ruin all the fun for you?
