

THE ART OF NARCISSUS

a collaborative group of carvers

will be having its annual Narcissus Carving Workshop beginning on January 10, 2015, with our class exhibit on February 14th and 15th, 2015. We will be trying a new program for the INSTRUCTIONAL WORKSHOP. FIRST TIME students will have a 5 session workshop beginning on Jan. 10th and RETURNING students will have a 4 session workshop beginning on Jan. 17th. This will still be conducted as one class, although individual students may be at different levels of learning and carving. For the instructional workshop, there will be 4 instructors (Stephen Fong, Michael Kodama, Lenore Kop and Wayne Ng).

For the ADVANCE WORKSHOP, participants will have a 4 session workshop which begins on Jan. 17th. Dorinda Won and Dale White will be assisting and providing help to this group. They plan to have a few carving projects that participants may work on or some may wish to work on an independent project. Gilman Hu will also be assisting this class on a limited schedule.

Chinese New Year 2015 will be celebrated on February 19th, which is the year of the Sheep.

Narcissus bulbs and carving knives will be available for purchase during the workshops.

Gilman Hu is scheduled to have a session for upright carving of the narcissus on January 3rd, 2015. More information in regards to class description and registration to be forth coming.

INSTRUCTIONAL WORKSHOP

FIRST TIME students (5 sessions) (Cost: \$45.00):

This is for an individual who has not taken any prior classes from either Gilman Hu or our group. This will be hands-on, interactive sessions between the instructor(s) and students. The first session (Jan. 10th) will be to introduce the student to the basic techniques of carving and caring for the narcissus bulb. A handout (which shows the basic technique of carving and caring for the narcissus bulb) and a carved bulb will be given to each student on the first day. Tools required are: a carving knife (which will be available for purchase), tweezers, small scissors, cotton balls or pads and a cuticle remover (optional). See attached photo of the tools. Also bring a pen and paper for note taking.

RETURNING students (4 sessions) (Cost: \$30.00):

This is for those who wish to repeat the carving, caring, & presentation techniques of the narcissus bulb. Returning students are requested to bring an already carved bulb on Jan. 17th. This will be used for a critique/review session. An uncarved narcissus bulb will be given to each student on the first day. If requested, an electronic file of the handout (pdf format) will be made available to the student.

ADVANCED WORKSHOP (4 sessions) (Cost: \$20.00):

This workshop is for former students or those who have a good understanding of carving and caring for the narcissus bulb, and are able to work independently. It will offer an opportunity to carve, discuss, share ideas and ask questions. Students may bring in their own carving project(s) or participate in one of the proposed workshop projects. In order to enhance your experience, please identify the area(s) that you would like to work on in the workshop and/or any carving project that you would like to attempt. Provide your comments on the registration form. We will try to address participants' requests during the workshop sessions. Gilman Hu will be assisting this group on a limited basis.

We would like to have some volunteers from this group to demonstrate the basics of carving to the Church group on Sunday morning, Feb 15th (time to be announced).

DATE AND TIME (WORKSHOP & EXHIBIT):

INSTRUCTIONAL - FIRST TIME:	Jan. 10 th	Jan. 17 th	Jan. 24 th	Jan. 31 st	Feb. 7 th
