**SIX-PART EVENT SERIES  
SUNDAY APRIL 3 9/8c**

Who is God? Where did we come from? Why does evil happen? What happens when we die? Every human being on earth has asked themselves these questions at some point, and most likely each person has found a different answer. Beginning Sunday, April 3, at 9/8c, National Geographic Channel and Revelations Entertainment's epic six-part event series, **The Story of God With Morgan Freeman**, will take viewers on a trip around the world to explore different cultures and religions on the ultimate quest to uncover the meaning of life, God and all these big questions in between. Although religion is often seen as something that divides, the series illuminates the remarkable similarities among different faiths, even those that seem to be in staunch contrast.
