

[Experience Naropa](#), a whirlwind open house for both prospective graduate and undergraduate students is slated for June 5. If you know someone who should study at Naropa, please invite them to attend.

Mark your calendars for June 20-21 and join Naropa at [Denver PrideFest](#). We will be spreading the Naropa love for two full days through personal outreach, and a large scale collaborative art installation.

If you would like to volunteer at recruiting events, please contact [admissions@naropa.edu](mailto:admissions@naropa.edu). We would love to collaborate with you!

As always, thank you for continuing to refer some of our most engaged and qualified prospective students! We couldn't ask for better ambassadors.
