

JUNE 2016

This session will have a strong focus on 3 on 3 basketball. Here, players will touch the ball more often and have more room to operate. They will learn how to screen the ball, screen away, and pick and roll without having to be told. The FOCUS of the program will be building a summer workout that each player can do for the rest of the summer. Each player will develop their own personal summer workout with our staff according to their position and their own personal goals.

This is not a camp to pick up a t-shirt, take a picture with a pro and win an award during a contest— this is a serious camp for serious players.

Our staff will demand the best from each and every player. We will strengthen a player's physical and mental game by focusing on building the new skills they need to gain the confidence necessary to succeed on and off the court. We teach them how to practice with a purpose. Players should be prepared to work hard, watch video, take notes and practice on their own. This program is **not for everyone**. It's geared towards the serious player. Players will also get a chance to see top level Division athletes that will be demonstrating the drills. The instruction is led by Marc Von Essen (Founder of Game 7 Basketball) and Kyle Hunt (Canadian professional)
