**Date:** March 10, 2015

**Subject:** Kindergarten Roundup

Lebanon Community School Corporation is preparing for 2015 Kindergarten Round-Up for students entering kindergarten in the fall. Children are eligible for kindergarten if their fifth birthday falls on or before August 1, 2015. The Kindergarten Round-Up process includes screening each student to assess their general development along with their speech and hearing. A member of the medical team will be available to record immunization information.

Parents are requested to schedule appointments with the school in their attendance area. If you are uncertain about which school is designated for your child's home attendance area, please contact the Transportation Department (765-482-1499). Parents are to bring their kindergarten child to the appointment. In addition, parents need to bring:

- Child's birth certificate
- Child's immunization record
- Custody documents, if applicable
- Two proofs of residency are required to ensure students enrollment in the appropriate school. Acceptable proofs of residency include but not limited to documents such as a utility bill, rental lease, etc. which shows the student's legal address. If you have additional questions you may contact your child's school.
