

**Space Coast Chapter of Women In Defense
April 22, 2015 – Networking & Meeting**

April 22, 2015 from 4:30 p.m. – 7:00 p.m.

Knights Armament

Art Hoelke, VP/GM/FSO

“Manufacturing in Brevard, Opportunities and Challenges”

Since KAC is a Defense Contractor Controlled Facility, access to KAC is controlled/monitored. Please click here (<http://scwid.org/wp-content/uploads/2015/04/KAC-Visitor-Access-Policy.pdf>) to download, complete and sign the requisite visitor information. Please bring the signed form with you to KAC on the day of the event along with a picture ID.

Join us for this great networking opportunity!

Wednesday, April 22, 2015 from 4:30 p.m. to 7:30 p.m.

The tour of the Knights Armament will start promptly at 4:30

- so show up a little early.

*Leveraging Industry Resources to Develop the Next Generation of
Machinist and Engineers*

“Our entire community needs to be involved in our education system in order to solve the serious workforce limitations we face. Tangible results can be achieved if we all lend a helping hand. We must communicate what is needed and how industry, civic leaders, academia, parents, and students can be part of the STEM solution,” Mr. Art Hoelke, VP/GM Knights Armament.
