

## **Save the Date for Stamford (CT) STEMfest**

Save the Date for the second annual Stamford STEMfest – a free, public event supported by the Stamford Public Schools, the GE Foundation, and Mill River Park Collaborative.

Located in Mill River Park in downtown Stamford, STEMfest will contain a variety of activities and displays centering around Science, Technology, Engineering, and Mathematics (STEM) for students and their parents.

The goals of the day are:

- (1) to build awareness about STEM for students (and their parents),
- (2) to demonstrate to students how much fun these disciplines can be,
- (3) to show students how these disciplines are inherent in many of the things we do every day, and
- (4) to have students learn about the career and college opportunities in STEM.

The event will take place in Mill River Park in Stamford from 10am-4pm on Saturday, May 16, 2015 (rain date is Sunday, May 17<sup>th</sup>).

You can follow STEMfest and keep up with the latest news on Facebook (Stamford STEMfest) and on Twitter (@CTSTEMfest). A video of last year's event can be seen on YouTube at <https://www.youtube.com/watch?v=gHE2BLJ-ZPo>.
