

**Paid Part-Time Statistics Education Subject Matter Expert
Paid Part-Time Math Education Standards Expert**

Reingold is seeking math/statistics standards experts and subject matter experts to serve as temporary part-time consultants to revise and create written math activities that supplement teachers' existing lesson plans.

The subject matter expert and the standards expert will work with two teachers, forming a four-person content team. The team will prepare new classroom activities and revise existing classroom activities to align with proper standards (Common Core State Standards, National Council of Teachers of Mathematics' Principles and Standards for School Mathematics, Guidelines for Assessment and Instruction in Statistics Education [GAISE]), increase the level of rigor, incorporate teaching best practices, and more. The teachers will be primarily responsible for writing the revisions and new activities; the subject matter expert and standards expert will provide input, review the material, and edit it as needed.

Open Positions and Approximate Time Requirements

For part-time work starting in August and continuing through February 2016, we need the following for our elementary, middle, and high school teams:

Position 1: Statistics education subject matter expert, elementary school team – 30 hours

Position 2: Curriculum standards expert with expertise in the standards cited above, elementary school team – 30 hours

Position 3: Statistics education subject matter expert, middle school team – 45 hours

Position 4: Curriculum standards expert with expertise in the standards cited above, middle school team – 45 hours

Position 5: Statistics education subject matter expert, high school team – 45 hours

Position 6: Curriculum standards expert with expertise in the standards cited above, high school team – 45 hours

Compensation: \$100 per hour. The number of hours (per week and overall) depends on the number of activities that need to be revised or created at each level. The hours listed above are over the course of the time period described above and will vary weekly.

Position Requirements

- Experience writing and/or reviewing statistics education curricula or activities
- Ability to review activities to ensure alignment with the following standards: Common Core State Standards, National Council of Teachers of Mathematics' Principles and

Standards for School Mathematics, GAISE

- Doctorate preferred but not required
- Ability to work remotely

Additional Responsibilities

- The applicant must be able to participate in three conference calls (dates to be set based on team members' availability).
- The applicant must be responsive to questions, discussions, and emails, meeting deadlines based on a timeline provided.

Most of the work can be completed at the convenience of the applicant as long as the due dates set by Reingold are met.

To apply, email your resume or CV to Melissa Wertz at SISrecruitment@reingold.com; in the body of the email, note the number (positions 1 through 6) and title of the position to which you are applying. Applications are due by July 27, 2015.

If you have questions, email Melissa at SISrecruitment@reingold.com or call her at 571-982-8721.

Paid Part-Time Math and Statistics Education Teacher Consultant

Reingold is seeking experienced math and statistics teachers to serve as temporary part-time consultants to revise and create written math activities that supplement teachers' existing lesson plans.

Two teachers will work with a statistics subject matter expert and a math education standards expert, forming a four-person content team. The team will prepare new classroom activities and revise existing classroom activities to align with proper standards (including National Council of Teachers of Mathematics' Principles and Standards for School Mathematics, Guidelines for Assessment and Instruction in Statistics Education (GAISE), and Common Core State Standards), increase the level of rigor, incorporate teaching best practices, and more. The teachers will be primarily responsible for writing the revisions and new activities; the subject matter expert and standards expert will provide input, review the material, and edit it as needed.

Open Positions and Approximate Time Requirements

For part-time work starting in August and continuing through February 2016, we need the following for our elementary, middle, and high school teams:

Position 1: Math education teacher, elementary school team – 55 hours

Position 2: Math/statistics education teacher, middle school team – 80 hours

Position 3: Statistics education teacher, high school team – 90 hours

Compensation: \$50 per hour. The number of hours (per week and overall) depends on the number of activities that need to be revised or created at each level. The hours listed above are over the course of the time period described above and will vary weekly.

Position Requirements

- Experience writing and/or reviewing math and/or statistics education curricula or activities
- Ability to revise and create activities to ensure alignment with the following standards: Common Core State Standards, National Council of Teachers of Mathematics' Principles and Standards for School Mathematics, GAISE
- Valid teaching certificate
- Ability to work remotely

Additional Responsibilities

- The applicant must be able to participate in three conference calls (dates will be scheduled based on team members' availability).
- The applicant must be responsive to questions, discussions, and emails, that meeting

deadlines based on a timeline provided.

Much of the work can be completed at the convenience of the applicant as long the due dates set by Reingold are met.

To apply, email the following to Melissa Wertz at SISrecruitment@reingold.com by July 27, 2015:

- Resume or CV
- Copy of valid teaching certificate

In the body of the email, indicate the number (positions 1 through 3) and title of the position to which you are applying.

If you have questions, email Melissa at SISrecruitment@reingold.com or call her at 571-982-8721.

Paid Part-Time Social Studies/History Education Subject Matter Expert
Paid Part-Time Social Studies/History Education Standards Expert

Reingold is seeking social studies/history standards experts and subject matter experts to serve as temporary part-time consultants to revise and create written social studies/history activities that supplement teachers' existing lesson plans.

The subject matter expert and the standards expert will work with two teachers, forming a four-person content team. The elementary and middle school teams each will prepare five new classroom activities; the high school team will revise existing classroom activities to align with proper standards (UCLA History Standards and Common Core State Standards, if applicable), increase the level of rigor, incorporate teaching best practices, and more. The teachers will be primarily responsible for writing the revisions and the new activities; the subject matter expert and the standards expert will provide input, review the material, and edit it as needed.

Open Positions and Approximate Time Requirements

For part-time work starting in August and continuing through February 2016, we need the following for our elementary, middle, and high school teams:

Position 1: Social studies education subject matter expert, elementary school team – 20 hours

Position 2: Curriculum standards expert with expertise in the standards cited above, elementary school team – 20 hours

Position 3: History education subject matter expert, middle school team – 20 hours

Position 4: Curriculum standards expert with expertise in the standards cited above, middle school team – 20 hours

Position 5: History education subject matter expert, high school team – 55 hours

Position 6: Curriculum standards expert with expertise in the standards cited above, high school team – 55 hours

Compensation: \$100 per hour. The number of hours (per week and overall) depends on the number of activities that need to be revised or created at each level. The hours listed above are over the course of the time period described above and will vary weekly.

Position Requirements

- Experience writing and/or reviewing social studies and/or history education curricula or activities
- Ability to review activities to ensure alignment with UCLA History Standards and Common Core State Standards, if applicable

- Doctorate preferred but not required

Additional Responsibilities

- The applicant must be able to participate in three conference calls (dates to be set based on team members' availability).
- The applicant must be responsive to questions, discussions, and emails, meeting deadlines based on a timeline provided.

Most of the work can be completed at the convenience of the applicant as long as the due dates set by Reingold are met.

To apply, email your resume or CV to Paul Staats at SISrecruitment@reingold.com; in the body of the email, note the number (positions 1 through 6) and title of the position to which you are applying. Applications are due by July 27, 2015.

If you have questions, email Paul at SISrecruitment@reingold.com or call him at 571-366-3293.
