To Whom It May Concern:

This is to confirm that CBS International (as Prime Contractor/Supplier) and SbCnet plc. (as Sub-Contractor), both companies represented by Ms. Sophia Bekele (as Project Director) were involved in the installation of the Information Technology Support System for the OAU Mechanism for Conflict Prevention, Management and Resolution.

The System as deployed and successfully commissioned, consists of a Campus-based Internetwork implemented by using a fiber-optic backbone that links the various buildings within the OAU General Secretariat complex. The system also features an Intranet/Internet system.

We are quite satisfied with the professional systems integration services rendered by CBS International and SbCnet Plc. and we have no reservation whatsoever in recommending both companies to any Organization that might require their services.
