Come join us for a weeklong summer day camp, led by the UofL Music therapy Clinic therapists! The week long camp is goal oriented focusing on the following areas: increasing socialization, increasing joint attention, fostering creativity and exploration and promoting developmental/pre-academic/ and play skills through music! This summer camp is geared towards children ages 3-13 year old. We specialize in working with those with special needs including: ASD [including those who are non-verbal], Sensory processing disorder (SPD), ADD/ADHD, developmental delays, Down's Syndrome, behavior disorders/needs, anxiety disorders, and attachment disorders [list not comprehensive].
