

Sandra and Garry Kwist

I had a great visit with the Kwist's even though they were leaving early the next morning to go meet Garry's daughter, Meghan, in Peoria and continue to New Mexico to go fishing! This is a sport they all enjoy thoroughly. Garry, whose unique last name is Swedish, started out in Brooklyn, NY and at a tender age, the family moved to Springfield, MA. He went to UNC, Chapel Hill and finished at U.of MA. Sandra, on the other hand, can count five generations of Virginians in her family (my kind of gal), lived in Charlottesville and started her education at UVA. She then served 23 years as a valued employee for Continental, later United, Airlines.

Garry's military years were with the US Army serving as an Air Transport Navigator, on the C5 transports, those wonderful MAC flights. He often flew out of Dover to Bancokk and on to Elmendorf stopping to refuel in Japan, changing crews and so on. What a life! Both are active in their church in Yorktown and have helped serve dinner to kids at Vacation Bible school for several years. Garry does most of the cooking, making things the kids love! Garry and Sandra met via Match.com. They have been wed only 2 and a half years and seem well suited for each other. They are busy putting their house together, as well as going fishing with family. What an interesting couple they are. Please welcome them to our kind of life here at PC.
