

## **Frank and Marie Grady**

Please say hello to Frank and Marie Grady, who moved here to Patriots Colony on the 29<sup>th</sup> of December. They came to us from Ford's Colony where they had lived for 22 ½ years. They had signed up to come here in 2008 and had, like many of us, said that the time was not yet right. When they stopped hearing that a villa was available, they decided they had better come when the next one was available or they might not be able to get in at all.

They are both from New York originally, he from White Plains and she was born in the Bronx, but was raised in Yonkers. Frank went into the army right out of high school. He spent three years in the Signal Corps, most of which was spent as a radio man on a remote site on the Czechoslovakian border.

Frank graduated from Fordham University in 1961. Marie had graduated from St. Barnabas. They were both with Civil Service, the Appellate Division of Social Security. It was there that they met. Marie and Frank were married in Yonkers in 1967 and have two children, and four grandchildren.

Both Frank and Marie are active volunteers at Colonial Williamsburg
