**April is Alcohol Awareness Month**

*Alcohol is the most commonly used addictive substance in the United States: 17.6 million people, or one in every 12 adults, suffer from alcohol abuse or dependence along with several million more who engage in risky, binge drinking patterns that could lead to alcohol problems. [Know the signs.](#)*

**STI Awareness Month**

*Most people think they would know if they had a sexually transmitted infection (STI) . . . wrong! The truth is many STIs have no signs or symptoms in the majority of people infected. Or they have mild signs that can be easily overlooked. [Get tested!](#) Call us to discuss your options, 256-824-2100.*
