Come take a tour of the Williams & Heintz Map Corporation. See the most unique collection of map production equipment in the Americas.

Williams & Heintz Map Corporation is a map printer. We have been printing maps for entrepreneurs, government agencies and map publishers since 1921. We combine the highest quality pre-press, printing and folding with industry leading knowledge and customer service.

Highlights:

- Three large presses print up to 47 ¼ " x 63", on a wide selection of stocks, including high wet strength and plastic, up to 6 colors in a single pass.
- Biggest Map Folding Machine in the World, configured uniquely for us, folds maps in many configurations, including user-friendly styles that can be leafed through like the pages of a book.
- Meet experienced craftsmen and women in the business of printing maps.
- Learn about our environmental initiatives and how we can help design and produce your map, using ecologically sustainable materials and methods.
