

## Farmington Ave Streetscape Completion

For all those who have been inconvenienced by the seemingly unending construction work on Farmington Ave not to mention those who have waited more than a decade for the Streetscape to be a reality, the end is near. The MDC has, as of the end of June, completed all work on Farmington Ave. This leaves T&T Construction free to complete the remaining streetscape work on the south side of Farmington Ave from the Woodland St area to Forest St.

As of now, the project is expected to be completed in November of this year according to Mr. Constantin Banciulescu, Hartford City Engineer.

Photos will be added as the work progresses.
