

Thoughts from the Chair

Over the past six months as Chair, I've witnessed the beautiful effects of unity. I have had the pleasure of meeting and working with amazing skilled professionals who as volunteers, come together with passion, care, commitment and the willingness to help daily by leading and serving committees that support, govern and maintain existing and new community projects; community projects that affect the quality of life in the neighborhood in which they live, worship and/or work.

I have witnessed the acts of love for our neighborhood and for the work AHNA does through the assistance and participation from Asylum Hill's residents, churches, non-profits, City and Government agencies, human service agencies, library, historic, corporate and business stakeholders. Good people doing good things together for the good of the community.

I am thankful to be a part of the Asylum Hill Neighborhood and its Association. In the months ahead, I am looking forward to leading and working alongside those who continue selflessly to organize and advocate for a better, cleaner and safer neighborhood. Let's keep up the good work and stay together! Where there is unity, there is strength.

Blessings...
