**EASTERN

Woods End Stockdogs**

Attached are the bids for the 2016 CCA Herding Regionals - one for Western (Sept. 17 & 18, 2016, in Olympia, Washington) and one for Eastern (Oct. 29 & 30, 2016, in Watkinsville, Georgia).

Both bids are from experienced trial committees and are at facilities with a proven track record of hosting high quality AKC herding events. In addition to both AKC & CCA instinct testing and AKC test classes, the trials will offer both A and B course sheep and ducks.

In 2015, both of our herding regionals did quite well. The Eastern Regional was a full trial, and both events were modestly profitable. I would expect good entry numbers and a similar financial outcome in 2016.

As always, I and the Working Collie Committee very much appreciate CCA's continuing support of the herding regionals. We are happy to answer any questions you might have.
