When the sun goes down, Kissimmee lights up

The fun doesn't end when the sun goes down! A variety of entertainment spots and some of the most unique experiences and adventures will keep you occupied afterhours while you stay in the Gateway to Fun during the coming national championships. With new attractions and must-see family entertainment, there's always something to enhance your getaway. So what are you waiting for? The fun is waiting for you in Kissimmee!

Make sure to include these evening activities in your itinerary:

- 1) **Dinner and a show:** That's what you get when dinner and theater are served up together. And when it comes to dinner shows, Kissimmee serves up a variety of options that keep the whole family entertained and satisfied in so many ways. From eating like kings and queens at *Medieval Times* to enjoying aerial artistry and swordplay at *Pirate's Dinner Adventure*, some of the best dinner entertainment is right here in Central Florida. So bring your smile and your appetite. It's show time!
- 2) **Explore a slice of Americana:** Take a stroll down memory lane at Old Town. Watch the brick streets of *Old Town* come alive at the *Saturday Nite Cruise*, where people and car enthusiasts alike line the sidewalks to admire the parade of pre-1975 hotrods, street rods and antiques. Live music, seasonal events and over 70 unique shops, restaurants and immersive entertainment await!
- 3) **Re-discover Downtown Disney:** It's time to fall in love all over again with an old favorite! *Downtown Disney* is currently undergoing the largest expansion in its history and will be re-imagined as *Disney Springs*, a new and exciting waterfront district for shopping, dining and entertainment. Enjoy a delicious seafood dinner at the new nautical-themed restaurant, *The BOATHOUSE* and experience a ride on an amphicar that drives on land and floats in the water! *The BOATHOUSE* is the only place in the world to have the opportunity to ride in these vintage vehicles!
- 4) **See nature come alive after dark:** Imagine gliding through the still waters of the Kissimmee Chain of Lakes at night, the steady hum of the airboat propeller the only noise breaking the silence. Suddenly, off in the distance, pairs of glowing eyes begin to curiously pop out of the water, following your every move. Travel deep into thousands of acres of protected swamps, marshes and rivers that make up the Central Florida Everglades on a nighttime airboat ride with *Wild Florida Airboat Tours and Wildlife Park* or *Boggy Creek Airboat Rides*!

- 5) **Find clues, solve the puzzle and beat the clock:** Put your skills of deductive reasoning to the test at *America's Escape Game*. This attraction has revolutionized the escape game world with the most challenging, engaging and enticing escape rooms yet! Work against the clock to find the lost tomb of Monthu, disarm missiles in the Oval Office or work diligently to find the cure for a pandemic that is sweeping the planet. Keep your wits about you--the future of mankind depends on it.

From dinner theater to live music to exhilarating attractions, it's never a dull moment when you experience Kissimmee! Look no further than the pages of the new Experience Kissimmee Destination Magazine for inspiration when dreaming of your Central Florida visit.
