**Auditors Welcome** 

Para-Dressage August 25-28, 2015

Designed & Hosted by Carlisle Academy Integrative Equine Therapy & Sports 65 Drown Lane, Lyman, Maine, USA

# **REGISTRATION & INFORMATION**

Join us at Carlisle Academy for 4 days of para-equestrian training and education! During this August 2015 *Para-Equestrian Pipeline Training Camp*, world-class para-dressage coaches and judges will work alongside Carlisle Academy's staff of PATH Instructors, USDF medalists, and specially credentialed occupational and physical therapists to help developing athletes lay a foundation for success in para-equestrian sports.

This camp is designed for high-performance athletes, developing riders, and new or established para-dressage coaches. Participants will receive training in the *Para-Equestrian Classification Process, Adaptive Equipment & Compensating Aids, Introduction to FEI Para-Dressage Rules & Competition, Review of FEI Tests & Winning Rides, Athlete Development Pathway, and A Musical Freestyle Primer.* Athletes will have access to a USEF Classifier and Carlisle's on-staff therapists for assessments and para-classification. Information will be shared about USEF's Para-Dressage Young Rider Program, Military Paralympic *Program, National Championships,* as well as other growing options within Para-Reining and Para-Western Dressage sports. Break-out sessions for *Coaches' and Parents' Forums* will also take place.

The August Camp will feature two world-class para-dressage experts with over 20 years of Paralympic experience. FEI 5\* Paralympic Dressage Judge **Hanneke Gerritsen** from Holland will work alongside International Para-Dressage Coach **Clive Milkins** from the U.K. Riders will have mounted sessions each day with one of the clinicians, and the week will conclude with each athlete performing an appropriate level Para-Dressage Test or Musical Freestyle, giving attendees a deeper understanding of the requirements for national and international competitions.

For Coaches' Development, each rider's personal coach may participate in clinician-led, group warm-up lessons on personal or program horses. Coaches are also invited to participate in *collaborative coaching* in the arena, allowing for immediate feedback with the clinicians while assessing the riders' positional and gait challenges, adaptive equipment and horse selection.

Carlisle Academy's Para-Equestrian Pipeline Camps are recommended by the United States Equestrian Federation and the United States Para-Equestrian Association for rider and coach development. CEU's are available to all coaches who complete this 4-day program towards a **Para-Equestrian Coaching Certificate Program** (in development).
