JOIN US for the launch of Sacramento's Build for Unity, an interfaith collaboration through Habitat for Humanity of Greater Sacramento.

The Build for Unity brings together members of the Muslim and interfaith communities to fund and build two homes for local families in need. In light of today's political climate and national rhetoric, we are making a statement about our shared values in Sacramento: diversity, inclusion, and

community. After we kick off this exciting project here in Sacramento, we will be challenging communities across the country to sponsor their own Build for Unity homes.

We hope to see you there for this important moment in our community.
