Welcome-*Bienvenue*

Come and experience a new language this summer!!!

San Diego French-American School (SDFAS) offers a summer camp program that promotes and maintains language skills during the summer. Children are involved in a wide variety of fun-filled activities that are also educational.

We are pleased to work with many partners whose competencies will fulfill our campers' demands such as Surf, Design Code and Build, Robotics with Robolink, dance, sports, science, art and much more.

Le Tour du Monde - Around the World Summer Camp provides a head start in the immersion experience by allowing children to acclimate to a new language environment or to maintain or improve the language. All of our instructors have strong backgrounds in language immersion programs.

Le Tour du Monde - Around the World Summer Camp is a multi-lingual camp and a good introduction to French, English, Spanish, Italian and Chinese (Mandarin). These classes are conducted in a relaxed and fun atmosphere. We look forward to working with your children this summer in a fun, exciting and educational atmosphere.

Juguemos en Español (\$240) No Playball in this camp 3-5 Y
Language: Spanish with Wendy

Juguemos en Español is a language immersion program, where children get to learn Spanish in a fun way. As part of our philosophy in teaching Spanish for children, we believe in music and laughter as the most effective ways for kids to learn and grow. Why is it important to learn Spanish in the US? Over 27 million homes in the United States have Spanish as their first language and 300 million people worldwide. Research indicates that from ages 1 through 8 is the best time to introduce a new language to a child. The earlier a child is exposed to a second or third language, the more likely they will speak it with fluency and good pronunciation.
