The Digital Education Every Parent Needs

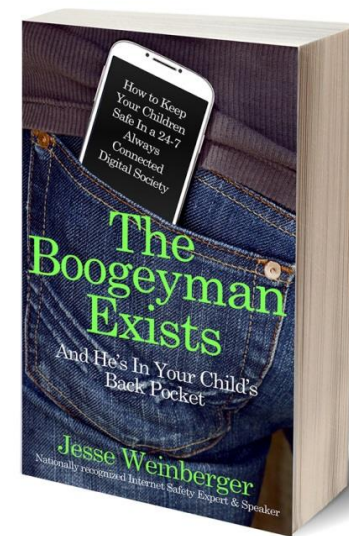

"As I travel around the United States presenting to parents, children, and school districts, there are moments I look out at the audience, and think "these people must think I've gone mad". Sometimes I feel like Chicken Little shouting: "The sky is falling!". But then I turn on the news the next morning, and a chunk of the sky falls into my coffee."

Your single and only chance to protect your children
is to become educated.

Educate yourselves! The book includes

- * How has parenting changed in the AD (After Digital) era
- * How do your children connect? With and without your knowledge?
- * Understanding the 2 major points of vulnerability
- * How to be a proactive parent
- * In-depth analyses of: cyberbullying, sexting, and sexual predation
- * Understanding social media from your child's perspective
- * Review of the most popular apps & games your children are using including: Minecraft, Instagram, SnapChat, Twitter, and more

Each chapter ends with Action Steps to implement at home and
"discussion starters" to encourage communication with your children.

About Jesse....

Jesse Weinberger is an Internet Safety Expert and owner of OvernightGeek University. Since 2003, in addition to consulting with school districts and law enforcement, Jesse has travelled all over the United States presenting to tens of thousands of teachers, parents, and students every year. Jesse is the author of "The Boogeyman Exists: And He's in Your Child's Back Pocket", a complete guide to keeping your children safe in a 24-7 always-connected digital society.

"In my long career in education I have yet to experience a speaker that has captivated an audience in the very informative yet entertaining style of Jesse Weinberger. The time flew as parents could not get enough of her valuable insights, suggestions and guidance. It would be hard to recommend a speaker as strongly as I do Jesse Weinberger!!"

- Mr. Ed Vittardi
Principal of St. Albert the Great School &
Former Superintendent of North Royalton Schools
