## ***Owner-to-Buyer Assignments***

*These are automobiles our consulting clients are looking to sell directly to an interested buyer. They are confidential offerings. We are not an automobile dealer. Our assignment is to qualify the interested buyer. Where a true interest exists, the interested buyer is then connected with seller to complete the "Owner-to-Buyer" transaction. If you are searching for any of the following cars, or would like to add your car to the list, please return to the home page and send us an email by clicking on the "Contact via Email" link.*

- » Rolls-Royce Phantom II: one-off drophead coachwork originally owned by a Maharajah.*
- » Rolls-Royce Silver Cloud: a one-off coachbuilt two-seater drophead roadster.*
- » Mercedes-Benz 300SL Roadster: late example with disc brakes and European lights.*
- » Bentley Azure: a next-generation model with all the options and low miles.*
- » Rolls-Royce Corniche: the last-generation model with all the options and low miles.*
