

## Be a Part of the Action: Sign up for ECA's Congressional Candidates Climate Project 2016

***You can make a real difference on climate change during this critical election time by forming a small team of elders to ask candidates to complete a short questionnaire, and then to follow up and publicize the results.***

ECA will provide you with:

- Sample plan of action
- Candidate Questionnaires
- Templates for letters, and more

With your team, you'll decide on what area to cover, i.e. a Congressional district, a county, a city or section of a city.

We'll have conference calls in which you'll be able to share your ideas and experiences with other teams, and hear about theirs.

You'll have the support and encouragement of other ECA activists throughout this process through regular Conference Calls.

Forming a Congressional Candidates Climate Project team in your area is just one way you can make a difference on climate change during this critical year. Other options are outlined on the back of this page.

*"When we become aware of an emergency and rise to the occasion, something powerful gets switched on inside us. We activate our sense of purpose and discover strengths we didn't even know we had. Being able to make a difference is powerfully enlivening; it makes our lives feel more worthwhile."*

*From the book Active Hope by Joanna Macy and Chris Johnstone*

**Please complete the form on the back to indicate how you'd like to make a difference.**

**YES! I'm interested in learning more about forming a small team (2-3 or more) to participate in ECA's Congressional Candidates Climate Project 2016** (you'll be invited to a conference call on Wednesday, April 13th, at 4:30 Pacific Time, 7:30 Eastern Time, for more details, answers to questions, and your suggestions for the project).

### **Additional options for your participation:**

#### **I'm interested in learning more about:**

- Serving on the ECA Candidates' Climate Project 2016 National Planning Task Force
- Serving on the ECA Task Force that handles marketing and outreach including the monthly newsletter
- Serving on the ECA Task Force that encourages the development of ECA Chapters around the country
- Serving on the ECA Task Force that works on developing national partnerships with other organizations
- Serving as an ECA Ambassador in my community, spreading the word about ECA and our efforts to elders
- I have a special interest or skill that might be helpful to ECA:  
ex: Website development, Fundraising, Writing/media/social media/public relations, other.
- Making a donation to support ECA
