Farm Storage Facility Loan Program

OVERVIEW

The Farm Storage Facility Loan (FSFL) Program provides low-interest financing for producers to build or upgrade farm storage and handling facilities. The program is administered by the U.S. Department of Agriculture (USDA) Farm Service Agency (FSA).

A producer may borrow up to $500,000 per loan, with a minimum down payment of 15 percent. Loan terms are up to 12 years, depending on the amount of the loan. Producers must demonstrate storage needs based on three years of production history.

FSFL MICROLOAN OPTION

Producers who select the FSFL microloan option can borrow up to $50,000, with the minimum down payment reduced to five percent and shorter loan terms. Producers can self-certify the storage needs of the eligible commodity and are not required to demonstrate storage needs based on production history.

Applicants for all loans will be charged a nonrefundable $100 application fee.
