

Position: EY Women in Technology Consulting Conference

About EY

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

Our collaborative culture supports the personal and professional success of each individual. Learn more about who we are and what we do by visiting exceptionaley.com. And visit us at ey.com/us/careers and see why EY has been on FORTUNE's "100 Best Companies to Work For" list for 16 consecutive years, longer than any other Big Four.

EY Women in Technology Consulting Conference (National Program)

Are you looking for a way to leverage your education to fuel a career in the ever-evolving world of technology? If you are a science, technology, engineering or math (STEM) student with a passion for technology and an interest in getting an early start in the recruiting process, then we've got the program just for you!

A one-of-a-kind interactive learning experience facilitated over two days, EY's Women in Technology (WIT) Consulting Conference will help you to learn more about our culture, people and technology-oriented practices. You'll also sharpen your leadership, teamwork and communication skills and forge relationships with EY employees.

Participants should be at least two years from graduation (rising junior if on a four-year degree plan) and pursuing a degree in Science, Technology (Computer Science, Information Systems, etc.), Engineering, Math or a related field. Students will be selected based on their academic achievements, leadership and extracurricular activities, communication skills, and interest in a technology career with a professional services firm. Additionally, attendees will be considered for a future internship and/or full-time opportunities.

Position requirements

- Students who self-identify as female, are two years from graduation and are studying Science, Technology (Computer Science, Information Systems, Business Information Technology, etc.), Engineering, Math or a related field
- Have a minimum GPA of 3.2
- Hold a significant interest in professional services and a career in technology
- Possess integrity, maturity, dependability and enthusiasm
- Demonstrate analytical, teamwork and organizational skills, as well as strong verbal and written communication skills

Ernst & Young LLP, an equal employment opportunity employer (Females/Minorities/Protected Veterans/Disabled), values the diversity of our workforce and the knowledge of our people. To learn more about career opportunities at EY, please visit us at www.ey.com/us/careers.

The global Ernst & Young organization is a leader in assurance, tax, transaction and advisory services.
