

## **Accounting or Finance Intern – Steel Dynamics, Inc. – Roanoke Bar Division**

### **Description**

The Roanoke Bar Division of Steel Dynamics, Inc. is looking for a Finance/Accounting intern. The intern will assist with many Accounting and Finance related duties. The extent and nature of those duties will depend on the abilities and education of the intern.

Steel Dynamics, Inc. is a Fortune 500 (#326) company and a leading steel manufacturer in the United States. The Roanoke Bar Division produces approximately 650,000 tons of steel products each year. These products include light structural steel and rebar.

### **Responsibilities**

- Assist with month-end financial reports
- Assist in the preparation of journal entries
- Help with accounts receivable, payable and bank statement reconciliation
- Assist with audits
- Balance sheet reconciliation
- Participate in the preparation and testing of our physical inventory
- Regression analysis of expenses
- Construction of excel templates
- Improvement of current financial models
- Data entry as needed

### **Requirements**

Applicants should be Accounting or Finance majors with proficiency in Microsoft Office applications with a solid understanding of Excel. Attention to detail, the ability to multi-task and excellent communication skills are all essential to this position.

### **Majors**

Accounting or Finance Majors (Minimum course requirement of Principles of Accounting I & II and Intro. to Finance)
