

INFORMATION TECHNOLOGY DEVELOPMENT PROGRAM

We are seeking highly motivated IMPACT players to join our world of MANUFACTURING

Do you thrive in a fast-paced, challenging environment where you are rewarded for results? Do you want to be a member of a team that is driven to win? If so, Precision Castparts Corp. may be just the place for you to build your career.

PCC is a GROWTH Company

Precision Castparts Corp. (PCC) is a Fortune 500 company that manufactures world-class complex metal components and products; serving the aerospace, power, and general industrial markets. PCC has more than 160 manufacturing facilities worldwide, with over 100 located in the US. Numerous career paths are available within PCC as a result of our extraordinary growth and market leverage (see stock symbol PCP for performance).

Leadership Development

PCC's Information Technology Development Program is a two-year rotational program designed to develop the future IT leaders of our business. The IDP is designed to teach members the critical aspects of PCC's business so they can effectively influence the future direction of the company.

PCC is seeking qualified graduates who generate energy and enthusiasm and have the desire to win. The IDP is designed to enable such individuals to accelerate their career growth as they increase their value to PCC. In just two years, those selected will be immersed in four cross-functional rotations. The rotations include on-the-job assignments that provide maximum exposure to PCC's operations.

Program Highlights:

- Exposure to multiple PCC business units
