# Sierra Nevada Geotourism Auction Support local businesses and place-based tourism by giving the gift of the Sierra

For only two weeks, the bidding will be open and you can win unique Sierra-based holiday gifts and experiences!

It's that time of year, and the choice to give the gift of the Sierra this holiday season is a win-win. The auction supports the Sierra Nevada Geotourism project, which celebrates the Sierra Nevada as a world-class destination, promoting its unique businesses and destinations while supporting broader efforts to improve the health, wealth and environmental quality of the region.

Managed by Sierra Business Council, in partnership with Sierra Nevada Conservancy and National Geographic, with nearly 2000 Geotourism destinations currently on the WebMap, the project connects local Sierra businesses and communities to an audience of travelers passionate about taking the "road less traveled". All proceeds from this auction will help to support the project and our efforts to get travelers off the beaten path.

Check out some of the unique items featured, and bid on items and experiences that will take you or your loved ones into the heart of the Sierra Nevada. Auction items include resort stays, wine tastings, a sleigh ride, and much more.
