

YOUR PAC CHECK IS NEEDED

Dear MADA Members,

For the last few years the Maryland Automobile Dealers Association (MADA) PAC has been sensitive to the economy and we dialed back our fund raising objectives. As a result, we have depleted the PAC funds.

While the PAC has lain back on fundraising, MADA has not missed a beat in getting through legislation that can improve your bottom line. On July 1, 2014 the cap on the dealer processing fee increased to \$300 and on October 1, 2014 the new warranty reimbursement law for parts and labor went into effect. Legislative successes take a lot of time and effort with our elected officials in order to get the legislation through committees and to the floor for favorable votes. **These legislative initiatives have potentially added hundreds of thousands of dollars to your bottom line.**

The 2015 session ended in April. While in session, the politicians are not allowed to do fundraising so we had some breathing room, but now MADA is bombarded with requests from all of our elected officials. The MADA PAC carefully analyzes which legislators deserve our financial support and which need to prove themselves a little more dealer friendly. One thing that has changed is the amount of money requested for political events. They are not shy when it comes to asking for donations.

I ask that you please donate **NOW** to the MADA PAC as we need to make swift decisions in regard to political contributions, and we need to ensure our account balance is prepared to handle these requests. Like it or not, proactive donations to Maryland politicians is an important and necessary lobbying tool.

Best regards,

Stuart Brooks, MADAPACChairman
