

WE ARE GLOBAL ONE

A Global YPO Experience

GLOBAL ONE
Connecting Worldwide

We are an International Chapter of YPO, founded to provide a Global YPO Experience.

A Global Network of Members

We are not bound to a local city, but come together from cities around the world. This allows us to establish close business and personal relationships throughout a wider global network. When we find ourselves in a fellow member's local area, we have a friend, help when we need it, a world of camaraderie built of mutual experience - leadership, business, family, and interests.

A Global Awareness

With our global orientation, many of us travel extensively and have heavy business and family obligations. We utilize the web extensively to connect and educate our members and instead of mandatory monthly meetings, we gather for Regional Dinners. This enables our members to participate in the YPO experience in a way that best suits their needs and schedule.

Global Connections

The Global One chapter is a part of the Pacific Region which has 50 chapters in nine US states. The Pacific Region fits the Global One chapter with its goals for innovation and value. It is the leader in events such as the Pacific EDGE which is held every two years. The region offers many benefits and opens up many partnered event opportunities for our members.

Global Forums

We sponsor active, local Forums in cities around the world, for both members and spouses/partners. Our membership is growing rapidly and we will continue to establish Global One forums when we have enough members in a given local area. Global One pioneered the launch of Virtual Forums which have moved the in-person Forum Experience into a web based collaboration, allowing members to enjoy the Forum Experience, but not be bound by geography. Our ultimate goal is to create a better experience online than currently exists with in-person Forums.

WHY JOIN GLOBAL ONE

Provides the most flexible and dynamic chapter experience possible. Membership in Global One does not require attendance at monthly chapter meetings. Realizing that our global members have busy travel schedules, we offer quarterly Regional Dinners. Additionally, by not meeting monthly face-to-face, we can offer our members exclusive experiential trips to such places as the Amazon Rainforest, Bhutan and Haiti.

Builds community and connectivity through technology. Utilizing the internet, we offer a monthly webinar series featuring a unique educational topic and speaker, allowing you to connect with and learn from world class experts in the comfort of your home or office. Additionally, we maintain our own website - www.ypoglobalone.org - to share and connect with other members.

Delivers the most global and diverse chapter experience. Our members have the most diversity in terms of both geography and industry segments. As such, we do not have the business diversity or membership cap constraints of other local chapters. If your business is truly global in scope, then Global One is for you.

Is pioneering in the Forum experience. Global One provides the most flexible Forum experience in all of YPO. We offer traditional in-person monthly Forums, quarterly in-person regional Forums, a hybrid of in-person/virtual Forums and purely Virtual Forums. This allows your Forum experience to be as diverse in terms of business and geography as your Chapter.

Understands monetary and time demands. Our membership dues are lower (annual dues: US\$1750 primary chapter, US\$1500 secondary chapter, US\$500 temporary transfer member), to offset the greater need for our geographically dispersed members to travel to YPO Global One events and meetings, and to free up our members' budgets, allowing them to participate in more events and opportunities.
