News & Notes

We had a lot of fun with our cover this time. Sometimes so many items arrive in a given week, I can't spend all the time with them that I need to before I have to write up a description. That's why I take selected items home to read at my leisure. **Little Nemo: Dream Another Dream** is one of these; I thought it a very nice book, but it wasn't until I went through it page by (giant-sized) page that I discovered how VERY special it is.

I was overjoyed to verify Nemo's publisher still had plenty of copies--sometimes a special project like this sells out quickly, such as the Walter Baumhofer book. And the publisher was happy to work with us. Choosing that one special book in each catalog—and then selecting just the right image for our cover—is one of my favorite jobs here. (*The Complete Little Nemo* is also outstanding.)

We've started a new section this catalog, called **Don't Miss These!** From now on, as space allows, we'll rerun still-available items from past catalogs (six months ago or more). It's a chance to catch some items you might have missed, and for us to re-promote deserving items.

We've also added **Artist Sections** this time, which are spread out throughout the **Don't Miss These** section. Each one features all currently-available collections by **Richard Corben, Jim Steranko, Frank Frazetta, Wally Wood, Basil Wolverton, Dave Stevens, Walt Kelly**, and a **Walt Disney** grouping. We also included every **Classics Illustrated** now available. More information and additional scans on these—and every other item in this catalog—is always a click away on our website.

Everything in each catalog is always on the website and remains available there as long as I can justify keeping it in stock—or until the publisher sells out. I'm actually a bit surprised myself to find we have **2400 different items** currently on our website. I understand how an item can "disappear" into the website backlog! ~ Bud

Recommended. By L. Frank Baum.

Art by Anne Bachelier. For well over a century, Baum's tale of Dorothy's adventures in the land of Oz have been enchanting and delighting millions of people around the world. In 30 elegant, fantastic watercolor and mixed-media paintings, she brings Oz to vibrant life. Dorothy is as young, innocent, and cheerful as you remember, the Scarecrow seems both graceful and clumsy at the same time, the Tin Woodman conveys his tragic heartless condition, and her Lion --- with his startling white coat --- is the essence of cowardly. And Bachelier's Emerald City is a dreamlike, fantasy gem. CFM, 2014.

By Hajime Sorayama. This is the largest, best-produced book yet collecting the rarely-seen work of this master of the female figure and the erotic. From Varga-like nudes of amazing clarity and detail, to over-the-top kinky fetish scenes of women in the throes of orgasm and penetration, Sorayama is unsurpassed in imaginative eroticism but also in brilliant skill and detail. His realism is astonishing. His women are as well. Skylight, 2014.

HOT, WET & WILD DVDs

The Films of Carter Stevens Volume 4, 1980s.

In the early 80s there was the beginning of a sea-change for the adult movie business. The invention of the low cost video recorder, the single tube industrial camera, and the introduction of the home video recorder/player. This technical shift also allowed producers to make films at a cost so low that they were willing to take far more creative chances. As a result, Carter Stevens set off to produce a surreal porno film filled with strange characters, situations and plots while still keeping the hard core sex that was the bread and butter of the market. That film was *Hot, Wet and Wild*, which was quickly followed by *Hot, Wet and Wilder*. After Hours, 2014. **Adult Material.**
