AGRICULTURAL JUSTICE PROJECT

Food Justice Certified Steps to Certification

Read AJP Standards, utilize AJP resources

Consider AJP technical assistance packages

Request estimate and application from participating certifier

Fill out application

Certifier will conduct Initial Review of your application

If necessary, certifier will request additional information

If complete, application will be reviewed by inspection team Inspection Team will contact you to schedule inspection

Inspection takes place on-site

Initial meeting with workers, management, owners and inspection team regarding pusposes of inspection

Interviews held separately with workers, interns and management

Visit of fields, facilities and any worker or intern housing

Inspector will conduct a document review of on-site records

Inspection team holds meeting on site for any follow up questions

A brief summary meeting will be held with owner/manager

Certifier will conduct follow up interviews after leaving the site and final review

Certifier will issue a certificate or letter detailing non-compliances, timeline for response and next steps or a Food Justice certificate
