Class Info!!!!

Adult Sunday School - "How Jesus Became God" - Great Courses. Lessons include watching and discussing videos in the Church Library. Transcripts of presentations are provided for class members to highlight, insert observations, and write questions for group discussion. The class discussions are facilitated by Beth Stanaland and Patti Ernst. This is an opportunity for Adults to discuss Christian faith in a relaxed and non-intimidating setting.

Youth - Fifth Grade + "Serendipity Bible"- The youth, many of which just completed confirmation class, study Bible texts with questions for text printed in the margin of the "Serendipity Bible". The questions go from ice breaker, to knowledge, and finally to deeper faith questions. In addition to their studies the class functions as a Youth Group as well. There are events outside of class and during class in which the class will engage in volunteer work (Grace Bags, worship functions, Church raffles, etc.) and fellowship (Dave and Busters, etc). This class is led by our Pastor Scott Harbison.

Pre-K to Fourth Grade - One Room Classroom - We are using a continuation of the curriculum we have been using called "Leaper's Pointe". This curriculum by Abingdon Press is titled "Deep Blue" for this upcoming semester. Resources include arrival activities, group activities for hearing, understanding, and experiencing the Bible, activities to encourage contemporary application to the children's lives, worship activities, reproducible activity sheets, and DVD (video segment for each class along with Music Videos). This class provides a brilliant and relaxed format for your child to learn more about faith and belief in Jesus. This class is taught by Steve Hurysz, Karen Mayer, and Don Mims

Nursery - Quality nursery services are provided during Sunday school through the end of Worship Service (9-11 AM) each Sunday.
